

Support the Mississippi Mayors' Let's Play Challenge to Benefit Ridgeland!

Help prevent obesity in Mississippi by promoting active lifestyles in children. By pledging to play sixty extra minutes per week with children, you can make a difference in our future. The city with the most pledges to play will win a KaBOOM! playground. Three runners up will receive an Imagination Playground in a Cart. All other participating cities will receive a \$750 grant to maintain or enhance an existing playground.
